PINNACLE TRAVEL STAFFING STATEMENT - CORONAVIRUS (COVID-19)

The coronavirus (COVID-19) is on the top of everyone's minds and we're aware of the potential it has to disrupt and impact your life as a traveling healthcare provider.

We want you to know that we care greatly about each of you, you are all members of the Pinnacle Travel Staffing family. Regardless of what happens with COVID-19, we are committed to putting you first and taking care of your needs.

While this pandemic is still in the early phases in the United States, we are monitoring how and where it is spreading so that we can be mindful of you, your families and your future assignments. We also maintain a goal to ensure healthcare facilities around the country are appropriately staffed and that all patients are still being served. We are essential employees and need to be at work to care for the patients. Please take every precaution necessary at work to stay healthy and safe.

We will be speaking with our facilities throughout the weeks to come to ensure proper CDC protocols are being enacted and used.

I want to personally thank everyone of you for all your hard work and dedication to your profession, patients and facilities during this time.

Warm regards,

Marty Rastelli
